

Sewing classes are recommended for ages 7 and up. At Discovery Sewing Studio, LLC, we use sewing machines, sharp scissors, rotary cutters, pins and irons. We teach safe use of all equipment. However, occasional pin pricks, burns, cuts and other accidents do happen, including the possibility of injuring a finger with the sewing machine needle. To properly learn to use these items, your child must have the ability to listen, follow directions and behave in a safe manner.
